for the year ended 31 December 2021

The directors are responsible for preparing the financial statements in accordance with applicable Irish law and Generally Accepted Accounting Practice in Ireland including the accounting standards issued by the Financial Reporting Council.

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the net income or expenditure of the company for that year. In preparing these financial statements the directors are required to:

- Select suitable accounting policies and apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether the Charities SORP (effective January 2015) in accordance with FRS 102 has been followed;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in operation.

The directors confirm that they have complied with the above requirements in preparing the financial statements.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements are prepared in accordance with accounting standards generally accepted in Ireland and with Irish Statute comprising the Companies Act 2014, and all Regulations to be construed as one with those Acts. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the directors are aware:

- there is no relevant audit information (information needed by the company's auditor in connection with preparing the auditor's report) of which the company's auditor is unaware, and
- the directors have taken all the steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31 December 2021

1. GENERAL INFORMATION

The Gallery Press Designated Activity Company is a company limited by shares incorporated in the Republic of Ireland. The registered office of the company is 70 Northumberland Road, Ballsbridge, Dublin 4. The principal place of business of the company is Loughcrew, Oldcastle, Co Meath. The financial statements have been presented in Euro (€) which is also the functional currency of the company.

2. ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

The report and results are presented in a form which complies with the requirements of the Companies Act 2014 and, although not obliged to comply with the Statement of Recommended Practice Charities SORP (effective January 2015) in accordance with FRS 102, the organisation has implemented its recommendations where relevant in these financial statements.

The financial statements are prepared on a going concern basis under the historical cost convention, and company with the financial reporting standards of the Financial Reporting Council, as promulgated by Chartered Accountants Ireland.

The financial statements are prepared in Euro, which is the functional currency of the company.

Income

Income is included in the Statement of Financial Activities when the company is legally entitled to it, its financial value can be quantified with reasonable certainty and there is reasonable certainty of its ultimate receipt. Entitlement to legacies is considered established when the company has been notified of a distribution to be made by the executors. Income received in advance of due performance under a contract is accounted for as deferred income until earned.

Income from government and other grants, whether capital grants or revenue grants is recognised when the company has entitlement to the funds, and performance conditions attached to the grants have been met, it is probable that the income will be received, and the amount can be measured reliably and is not deferred.

Fund Accounting

Unrestricted funds are available to spend on activities that further any of the purposes of the company. Restricted funds are donations which the donor has specified are to be solely used for areas of the Company's work or for specific projects been undertaken by the company.

Expenditure

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required, and the amount of the obligation can be measured reliably.

Expenditure is classified under the following activity headings:

- Cost of raising funds and comprise the costs of publicity and marketing and their associated support costs.
- Expenditure on company activities includes project costs and their associated project costs.
- Other expenditure represents those items not falling into other headings.

Allocation of support costs

Support costs are those functions that assist the work of the company but do not directly undertake company activities. Support costs are analysed between costs of raising funds and expenditure on company activities. Where costs cannot be directly attributed, they are allocated in proportion to the benefits received. Salaries and associated costs which can be attributed to specific projects are charged accordingly.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or at valuation, less accumulated depreciation. The charge to depreciation is calculated to write off the original cost or valuation of tangible fixed assets, less their estimated residual value, over their expected useful lives as follows:

Long leasehold property	-	Straight line over the life of the lease
Fixtures, fittings and equipment	-	15% Straight line

Goodwill

Purchased goodwill arising on the acquisition of a business represents the excess of the acquisition cost over the fair value of the identifiable net assets when they were acquired. Purchased goodwill is capitalised in the balance sheet and amortised on a straight line basis over its economic useful life of 15 years, which is estimated to be the period during which benefits are expected to arise. On disposal of a business any goodwill not yet amortised is included in determining the surplus or deficit on sale of the business.

Stock

Stocks are valued at the lower of cost and net realisable value. Cost comprises expenditure incurred in the normal course of business in bringing stocks to their present location and condition. Full provision is made for obsolete and slow moving items. Net realisable value comprises actual or estimated selling price (net of trade discounts) less all further costs to completion or to be incurred in marketing and selling.

Trade and other debtors

Trade and other debtors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

Trade and other creditors

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

Taxation

Current tax represents the amount expected to be paid or recovered in respect of taxable profits for the year and is calculated using the tax rates and laws that have been enacted or substantially enacted at the Balance Sheet date.
